S. A. D. 44 BOARD HOLDS

REGULAR MEETING MONDAY

The S. A. D. 44 board of directors held a regular meeting at Telstar Regional High School on Monday evening of this week.

The board authorized the formulation of a program for voter registration and enrollment of 18 year olds and up. Walter Cherry, who suggested the program will work with Telstar Principal Brian Flynn in developing the program, to be presented to the board at an early date.

In response to questions from interested citizens present, Supt. Basil Kinney stated that he was not contemplating implementation of an option permitting 1/2 sessions in grade one in the Bethel Schools. A definitive plan regarding grade one for the 1974-75 year is due to be presented for board action at the next regular session.

The board authorized approval of an agreement with the S. A. D. 44 Administrators Association. The board authorized the employment of Telstar Principal Brian Flynn, Telstar Assistant Principal Howard Walen, Elementary Principals Edward Flynn (Bethel), Robert Hamor (Andover), and James Johnston (Woodstock) for the 1974-75 year.

Approval was granted for payment of tuition and transportation costs to S. A. D. 39 (Buckfield) for five students residing in a remote section of Woodstock, for the remainder of this school year.

No action was taken regarding a request of Charles Thomas Learned, of Andover, custodian-bus driver, for a waiver of board policy to permit him to work one more year past his 65th birthday. It was ascertained that the request was not appropriate under current board policy. Existing board policy permits year-to-year extension beyond 65 years of age, excepting bus drivers. A motion to take the request under advisement, pending possible amendment of policy, lost.

The board approved a Pilot School Social Work Program for the 1974-75 year in conjunction with the Maine Dept. of Manpower Affairs Security Commission Work Incentive Program.

A Driver Education Program at Telstar during the summer of 1974 was authorized with the costs borne by the participants.

The board approved Teacher Workshop Days for May 17 and May 18, continued on Page Four

WATER QUALITY AT SONGO POND DISCUSSED AT SATURDAY MEETING

About 30 interested citizens, both cottage owners and others interested in the water quality of Songo Pond, gathered at the Casco Bank Community Room Saturday afternoon and took part in the discussion of what to do about the worsening condition of the pond. It was felt that uncontrolled sewage was a principal factor in furnishing the nutrients that aid the growth of algae and other forms of undesirable vegetation in the waters of the pond.

Mark Hutchins from the Pollution Control Department of the State of Maine offered much information and answers to questions as did State Game Warden Alden Kennett who also spoke of COLA, a Camp Owners on Lakes Association.

Harold Bennett, former game warden and head of the State Fish and Game Club also presented many topics of interest—how the pond used to be—the old dam at the foot of the pond—and present day conditions and problems. Stephen Chandler, guidance counselor and assistant headmaster at Gould Academy, offered some pertinent information and help.

Some people were unable to attend because of prior commitments.

Several who volunteered to serve on a committee remained after the meeting to discuss further action. They felt an association should be formed with their first aim to improve the water quality of the lake. Volunteering for the committee were Mr. and Mrs. John Kallis, Mr. and Mrs. Harry (Jack) Parsons, Earl Davis, Burton Newton, Mrs. Linda Blake, Mrs. Eleanor Jodrey, Mrs. Alice Kimball and Mr. and Mrs. David Salway. They elected as officers: David Salway, president; Harry Parsons, vice president; Alice Kimball, secretary; Helen Kallis, treasurer.

A tentative date for another meeting was set for Saturday afternoon June 29, at the same time and place. It is hoped that all camp owners and residents near Songo Pond and any others who directly or indirectly use the pond will attend. Further notice will be made known.

Any malfunctioning sewer system or outhouse in unorganized territory is under the jurisdiction of the sanitary engineering department of the State Dept. of Health and Welfare. The Department will furnish red dye or other material to anyone who is in doubt about his sys-

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The latest price we have had quoted on tar indicated we must anticipate a 100% increase this year. Also there is a question of supply. There is another product that may be used resurfacing that is somewhat cheaper and is obtainable. New work would require tar.

It appears, for driveways, we will charge \$1.00 per gallon this year as opposed to 55 cents last year. How many, if any, we do will depend upon the supply of the product. There is also the possibility of more price increases prior to the work being done.

Junk vehicles are being picked up by a concern from Cumberland. The town is not involved with this project. We planned to have one later in the summer but with all the interest developing from private concerns there may be not enough vehicles left to have the National Guard come in to assist us. This would be an excellent time to dispose of old vehicles as there is no cost to the owner to have them taken away. If landowners on whose property these vehicles are parked do not take advantage of this opportunity they may be forced to dispose of them at their expense later in the year.

BETHEL DUMP MUST CLOSE BY JULY 1, 1975

At a recent meeting the Maine Board of Environmental Protection ruled that Bethel must close its dump by July 1, 1975. Preliminary plans for alternate disposal are to be submitted to the Dept. of Environmental Protection by July 1, 1974.

According to the BEP report the Greenwood dump, near Round Pond, has been granted a variance for a two year period. Any renewal application must include evidence that the town has been seeking an alternate site.

Woodstock must cease disposal at its dump, located closer than 300 feet to Barker Brook, by May 1, 1975. Preliminary plans for alternate disposal methods must be submitted by July 1, 1974.

HISTORICAL SOCIETY HEARS OF EARLY IMPLEMENTS AT MAY 2 MEETING

In the old days—150 to 200 years ago—the people of Bethel had no source through which to buy the tools they needed in their daily occupations so they made their own. The results were not gadgetry or contraptions or thingamabobs; they were not wrapped in bubble-packaging, nor were they accompanied by endless instructions and precautions. They did the job and nothing more. They were simplicity itself.

An assortment of such tools plus some examples of early rudimentary lighting, a rare dovetailed and morticed box for writing materials, a wrought iron fireplace "broiler", a clothes poke, a yarn winder, a handwrought caliper for measuring the thickness of wooden bowls, hand-carved wooden skimmers and scoops—all these and many more articles were brought by Albert Brown to the May meeting of the Bethel Historical Society. Several of the items brought forth anecdotes and even reminiscences of earlier days in Bethel, told interestingly and amusingly by Mr. Brown.

The items listed above suggested new categories of highly acceptable donations for the Moses Mason House and Museum, so please bear this in mind when you are clearing out your attics, woodsheds and front parlors this spring. Remember—"A gift to the Museum in your name preserves your name for posterity."

A good example of the cooperation possible between organizations was the luncheon put on by the Bethel Historical Society for the Retired Teachers of Oxford County on April 27, when between 80 and 90 people were served. It was the first such event to be held in the Meeting Room and was a financial as well as social success, netting the Society around \$200. The ladies in charge under the leadership of Margaret Joy Tibbets discovered several lacks in kitchen supplies in this new building, but the Senior Citizens came to the rescue with a supply of pot holders and dish towels which they had been preparing as a gift to

GROWTH IN SERVICES OF BETHEL LIBRARY
At the annual meeting of the trustees of the Bethel Library Association new developments which have extended the library's services were discussed.

Recently the Library has received a modest subsidy from the State because of services which the Library provides to citizens of Albany, Gilead, Greenwood, and Newry, towns which do not have libraries of their own. It is hoped that these funds can be devoted to new books. Residents of these communities have already been using the Library to some extent and it is hoped that they will use the Library more. The subsidy was secured with the co-operation of the selectmen from the various communities.

Also of considerable potential importance has been the extension of the library's service to borrowing of books from other libraries. Requests for books from other libraries must be made through the Bethel Librarian. Mrs. Robert Keniston. Books can be secured on four week loan through this means, and the resources of the State Library, other large libraries in the State and even specialized academic libraries throughout the nation can be made

available. In the past year there was a substantial increase in the circulation of books and magazines. In addition, the use of the Library has been greatly increased with the Story Hour for Children which is well attended throughout the year with additional library sessions in the summer for children of school age.

Plans are underway for a questionnaire to be distributed to local libraries with respect to books and services in order that use of the Library may grow even further.

The Society. The kitchen needs cooking forks and knives, spatulas, etc. Can you help?

Recent donations to the Moses Mason House include a dining room table from Mrs. Mary Freeman; a pair of high boots in the style of the gay nineties, from Mrs. Elgin Tibbels, and a rare dictionary dated 1825 sent from Port Ludlow, Wash., by Miss Helen A. Connolly.

Furniture and furnishings are being moved into the House this week. When this is accomplished it will be easier for the Furnishings Committee to organize all donations and give public acknowledgement to the donors. If it has not already done so, and to better realize remaining needs in preparation for public viewing later this month. One crying need is for a pair of side rails to be used on an antique rope bed. If you have any such which you can donate, please call Mrs. Floribel Haines (624-2362).

Grand national winners can win as much as \$1,000. There are three divisions in the contest: Group I, crocheting with mechanized cotton; Group II, knitting or crocheting with wool and synthetic yarns and Group III, embroidery.

Mrs. Chapman said items entered in the contest must have been made between Sept. 1, 1973 and Aug. 31, 1974. Official entry blanks and rules may be obtained by calling Mrs. Chapman at 824-2207. All entries must be submitted by Aug. 31, 1974.

AMERICAN LEGION
Muriel Allen Post No. 81 is proud to announce that they have just accepted two new members in the Post: Leon A. Bouchard and his wife, Jean Bouchard, who reside in Cornville. Leon is a brother of Maurice Bouchard of Bethel, and served in the Pacific Theater during World War II and was wounded in action on Saipan. Jean served in the U. S. Air Force.

Leon is now retired from Federal service and lives on land formerly owned by Maurice. His wife, Jean Weyker Bouchard, is from the Midwest. They met while working in Washington, D. C.

Membership for Post 81 is presently 123. Jean is the second female Legionnaire to belong to Post 81. Carolyn Brooks being the first.

Maurice is now serving as Oxford County Commander, and was Commander of Somerset County for two consecutive years. He hopes to enroll at least one more female Legionnaire in the local Post No. 81 and to exceed last year's membership for the Post. It is presumed that this is the largest organization in Bethel, and the Post is looking for more members from the Korean Conflict and the Viet Nam War.

The Post also reminds everyone of Flag Etiquette and Flag Code and that through the American Legion Congress will soon issue new rules and regulations on this. Also, don't forget Memorial Day the later part of May and Flag Day on June 14.

A Birthday Supper was given in those attending were Mr. and Mrs. Richard Littlefield, Randy, Lauri, Sharon, Re'lic, and David Groat.

BETHEL MAN ATTAINS AMERICAN CITIZENSHIP—Ryozo Shimamura became an American citizen Friday, May 3, 1974, as the Oxford County Clerk of Courts Milton M. Allen administered the naturalization oath in the Oxford County Superior Court.

Superior Court Justice Harold J. Rubin presiding judge welcomed Mr. Shimamura and four other new citizens and spoke to those witnessing the naturalization.

Those family and friends present to witness "Joe's" becoming a citizen were his wife and children, Mrs. Geraldine Shimamura William and Jody; Mrs. Thelma Merrill, R. G. Murphy, Robert Stearns, all of Bethel, and Rev. and Mrs. Robert Jackson, of Rockport, Mass.

CARD OF THANKS
I wish to thank my sister-in-law, Thelma Stearns, for my birthday card and cake; also my niece, Sandra Clement, and grand niece, Kristi, for remembering me; my many friends and neighbors that called by telephone. Mr. and Mrs. Harold Bessey, and three grandchildren, for my beautiful hanging plant. All these nice people made my day.

—Mrs. Louise B. Chapman, Corres.—

As Mother's Day approaches this year it has taken on a slightly different meaning for me. Up until four years ago that special Sunday in May had an entirely different interpretation. The only mother that I had thought about was my own, but suddenly it seemed I was a mother myself. Mother's Day is a special day, a day to pay tribute to someone who gave you life, and helped see that that life was well cared for. Having a child of my own brought this home to me and too clearly. My first Mother's Day, as an actual mother, was passed over, almost unnoticed, as was the second and third. But, this year, with two children, no longer "babies" I had to take a few minutes and think about it. I thought about the enormous role ahead of me. I thought about it as I watched the girls playing. Up until now, the only real problems I've had with them have been over such things as bedtime, cleaning their plates, and picking up

their toys. Minor compared to what lies ahead. So, now I'd like to say a special "Happy Mother's Day" to my own mom, and hope that twenty years from now my girls will feel toward me as I do towards her, because I remember—I remember good things like coming home from school and having hot chocolate pudding for lunch, picnics by the brook, stories when we were all confined to bed with the mumps, and then watching her catch them and be in bed for two long weeks herself, and always getting the pencil box I wanted every year for school. I also remember spankings with a yardstick, having my mouth washed out with soap, and being "grounded" for two weeks for coming home at two o'clock one morning. But now I can look back at all these things and know that she was only doing what she thought was best and I'm glad she did —

Mr. and Mrs. Franklin Chapman, Mrs. Mildred Chapman, Kathy, Mary, and Mr. and Mrs. Alan Chapman and Alison attended the wedding of Philip Chapman Jr., and Jeanette Foster in Norway on Saturday.

Richard Angevine is home for a week, having finished his job in Bow, N. H.

GREENWOOD CITY

Mrs. Collette Morgan, Corras. — May! The lemon-yellow daffodil looks like a bit of stolen sun shining from a world becoming green. So many greens! Compare them; tender and soft grasses, chartreuse green of the willows, and the sharpness of the ash.

On a none too warm evening the triumphant chorus of spring peepers, like a frenzy of tiny sleigh bells, filled the air. The din is almost deafening. They have come from their muddy hibernation and creep up bush stems to give again their spring songs. They have tiny adhesive disc like toes with which they can cling to reeds and bushes. We enjoy their chorus after so long a silence beneath the snows. They may help to convince the gray ledges, the rusty junipers, and the pasture lands heaved by the frost that the six months of winter have passed; done with, and that "the voice of the turtle is heard in the land."

The Hepatica, fragile-looking enamel-like flowers are here. They bring special joy, because they are usually the first of all the flowers upon the scene of action, if we rule out the never-lazy skunk-cabbage. The flowers vary in color from a lovely blue to pink or white. No two clusters are alike. Some are scented and some are not.

My pink Lady's Slippers are well started and before long will give that feeling of rarity, even though I should find a hundred of them.

I have watched my Mayflower patch which is blossoming. I don't pick them for I like them best nestled among their leaves on their mound of soil; lovely waxy blossoms and delicious breath.

All down the valley the maples are crimson; those same minor buds which were along the ice locked streams of January. Who could believe they were stored there waiting for this.

Two ospreys, eagle like, black above and clear white below, head largely white have fished up and down pond all this week. They are fascinating to watch as they hover on beating wings, then plunge feet first for a fish. One came in to my shore just to give me a close view. He appeared to have telescopic sight of unbelievable acuity.

Standing by the waters edge one afternoon a muskrat swam out of a tangle of grasses into open water, his wake like long, silvery whiskers V-ing out from either side of his

The food sale and rummage held at West Bethel Church basement on Thursday of last week wasn't as well patronized as some former sales held by the Ladies Aid Society. It will be awarded at the next Ladies Aid meeting.

CUB SCOUT NEWS

Our Father and Son cake bake contest was a great success! There were 26 gorgeous cakes in all, also two gifts of money were given instead of cake. The cake winners were: Largest, The O'Donnells, 2nd place, The Coslobes; Tastiest, The Bennetts; 2nd place, The Bartlett's; Prettiest, The Gaudreaus; 2nd place, The Hurds; Funniest, The Herricks; 2nd place, The Saunders.

The cakes were auctioned off after the judging. The lowest bid was \$2.50, the highest bid was \$9.00. We profited \$107.50 from the cake sale, which gives us enough money for the Red Sox baseball trip. At present, in the budget, we have \$173.90. We wish to thank the Lions Club for a gift of \$10.00 for this baseball trip. Sunday, May 26, at 2:00 p. m. sharp, the bike rodeo will be held at the A & P parking lot. All Cubs are to bring their bikes. If you do not have a bike, you will be able to borrow one.

These are the events which will be held in the bike rodeo: 1. Inspecting brakes, lights, chain, etc. 2. Figure Eight. 5. Emergency Stopping. 4. Obstacle course. 5. Signalling. 6. Relay Race. This sounds like a lot of fun and skill, so try to make it.

On this Baseball Red Sox Game, we need more fathers to accompany their son, or mothers. This is a big responsibility for just a few parents, so please folks come forward. We are going to pay \$10.00 for gas, for each driver, plus your game ticket. Michael O'Donnell will be contacting each and every one of you.

POPPY DAY PURPOSES SET FORTH

Poppy Day is sponsored each year by the American Legion Auxiliary to remind Americans of the sacrifices of life and health made by the men of our armed forces.

The contributions are devoted entirely to rehabilitation and child welfare work for disabled veterans conducted by the American Legion Auxiliary.

May 17-18 will be Poppy Days in our community and hospitalized veterans invite you to help them honor the nation's war dead by wearing the red Memorial Poppy over your heart. Members of the American Legion Auxiliary, all volunteer workers, will distribute the poppies and all contributions received go to assist veterans and their families. Give them a smile and wear a poppy on May 17 and 18.

These selling poppies may pick them up at the home of Iola Forbes and return the money to her following Poppy Days.
